ENEMIES OF THE RATE BILL ARE FORAKER, KNOX, SPOONER

According to Roosevelt's Statement to Ex-Senator Chandler, Which Was Published

By Senator Tillman, and All Official Washington Is Dis- cussing Developments—Have Senate Railroad Law- yers Trapped Roosevelt, or Has He Laid Down?

Washington, May 14.—A portion of a written statement made by former Senator Chandler of his various conferences with President Roosevelt on the rate bill has been made public by Senator Tillman. Mr. Tillman Saturday made a statement in the senate covering details of his and Senator Bailey's negotiations through Mr. Chandler with the president concerning the rate bill, and an assertion of Mr. Tillman was challenged on the floor by Senator Lodge. Mr. Chandler's statement, just made public, covers that portion where Mr. Tillman had quoted Mr. Chandler as saying that the president had stated that he had come to a complete disagreement with the senatorial lawyers who were trying to defeat or injure the bill, naming Messrs. Knox, Spooner and Foraker, regarding which statement Senator Lodge subsequently said he was authorized to say from the White House that it was an unqualified falsehood. The following is the portion of Mr. Chandler's statement given out by Mr. Tillman:

"On Saturday afternoon, March 31, 1906, a friend of mine came into my office and told me of the White House conference of that day in which an understanding as to a limited court review had been reached with Senator Long and others, and he told me that the president wished to get into communication with the Democrats and would shortly ask me to come and see him. While he was talking a messenger boy arrived with a letter to me from Secretary Loeb, requesting my presence at the White House. At the time and place appointed, President Roosevelt said to me that he wished through me to get into communication with Mr. Tillman, Mr. Bailey and other Democratic senators. He stated his purpose slowly and carefully, and in exact substance his statement was this:

"That he had reached the conclusion that the best plan for railroad rate legislation was to expressly grant a court review, but to distinctly limit it to two points: First, an inquiry whether the interstate commerce commission had exceeded its authority, and second, an inquiry whether the constitutional rights of the carrier had been violated. He said that he had been much troubled by the advocacy of an unlimited court review by some of the lawyers of the senate, naming Senators Knox, Spooner and Foraker as trying to injure or defeat the bill by ingenious constitutional arguments, but that he had come to a complete disagreement with them. He made this point emphatic by repetition; said that he would go thus far and no farther, and that his decision would be unalterable. He declared that he wished to ascertain whether there could be united action in the senate among the friends of the bill, so that it could be surely passed without injurious amendments, and he named various Republican senators who he thought were true friends of the bill, but said that it would take nearly all the Democrats to carry the limitation and defeat all obnoxious provisions. After he had made his statement, I replied that I had reason to believe that most of the Democrats in the senate would sustain his limitation of the court's powers, but that I was sure that Mr. Bailey and Mr. Tillman would insist upon coupling with the limitation some restriction upon the power of the courts to issue injunctions against the orders of the commission. Before I had finished my statement on this point the president interrupted me, saying that I need not explain further, because he was warmly in favor of some such restriction. That evening I saw Mr. Tillman and told him what had occurred."

Senator Tillman's statement was the principal topic of discussion in official circles. The senator had a number of callers at his apartments, with whom he talked freely about the matter, among whom were Senator Bailey and ex-Senator Chandler. Senator Lodge and Secretary Root were in conference with the president at the White House.

NO STATEMENT TODAY.
Washington, May 14.—Secretary Loeb announced this morning that

there would be no public statement today from the White House regarding the Tillman-Chandler charges, and it was likely that noon would be made on the floor of the Senate on behalf of the President. Senator Allison joined the attorney general in the conference at the White House this morning and the above announcement was made after they left. Attorney General Moody stated that there were no differences between himself and the President in the matter.

Allison, when asked whether he could explain the discrepancies between Chandler's statement and the President's denial made through Senator Lodge, said:

"Yes, but it would take too long at this time," and with that he took a cab for the capitol.

"PAY YOUR DEBTS YOU ROBBER"

CRIED THE PEOPLE TO DR. JOHN ALEXANDER DOWIE, THE "PROPHET."

The Zionite's Words Precipitated Trouble at Zion City on Sunday.

Chicago, May 14.—At Zion City Dr. John Alexander Dowie was addressing an audience numbering about 600 and made the statement that the overseers of the Voliva faction were thieves and robbers. At once a number of those in the audience were on their feet shouting "No, no, you are the robber; why don't you pay your debts?" The disturbance became so violent that a Zion guard was sent to restore order. The guard took hold of an old, gray-headed man who was loudest in his demands for Dowie to pay his obligations, and this was a signal for a free fight. A dozen men seized the guard and were about to drag him down the aisle when Gladstone Dowie and Deacon Arrington mounted the platform and called upon the audience not to create a disturbance and to take their seats. After quiet had been restored Dowie again attempted to proceed with the meeting, but he was jeered and called traitor and robber until he finally decided to dismiss the crowd. Dowie precipitated another disturbance when he attempted to hold a second meeting, members of the Voliva faction again resenting the prophet's insinuations.

NEW TRUST

Will be Organized by the Farmers to Market All Their Perishable Products.

Indianapolis, Ind., May 14.—The American Society of Equity, whose headquarters are in this city, and which is composed entirely of farmers, is arranging to bring all the farmers of the Northwest into a marketing association, or trust, which will market all the perishable crops of the farm, including fruit, vegetables, poultry, eggs and dairy products.

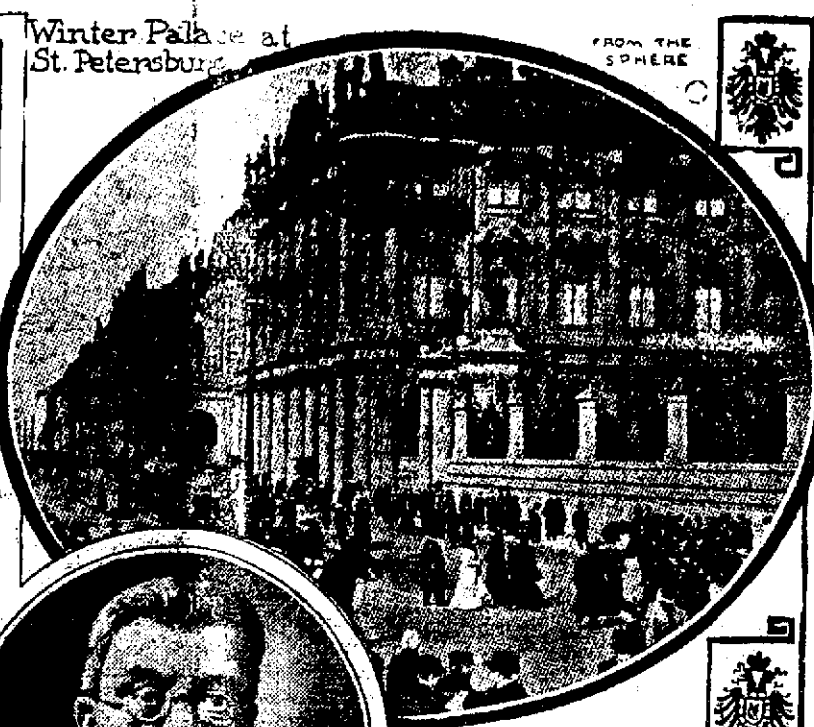

A national convention has been called to meet at the great Northern hotel, Chicago, on June 12 and 13, when the new association will be formed. It is stated that the object of the new association is to take the distribution of the crops out of the hands of speculators by eliminating the individual marketer and do for all, through the association, what individuals have had to do for themselves.

It is declared not to be a movement for the producers to deal directly with consumers, but products will be put on the market as needed, and the producers will get both the low prices of the summer and the high prices of the winter.

READY FOR THE ROYAL WEDDING

All Spain is in Gala Attire For the Nuptials Which Will Give Coun- try a New Queen.

Madrid, May 14.—Spain is preparing for rejoicings on a magnificent scale on the occasion of the marriage of King Alfonso to Princess Ena of Battemberg. The marriage will take place May 31 in the church of San Jeronimo, at 11 a. m.

The princess will enter Spain May 24, being met at the frontier by the king, the ministers and the Royal Guard, who will escort her to the Pardo Palace.

The foreign envoys and princes will begin to arrive about the same time. The solemn ceremony of signing the marriage contract will take place at the Pardo Palace May 30.

The city will be given over to festivities for a fortnight before and after the wedding. The fetes will include gala performances, military reviews, a parade of representatives of Spanish provinces in typical costumes, a royal bull fight, balls and receptions. Great public interest is taken in the preparations.

The king and his bride will remain in Madrid eight days after the marriage, in order to participate in the festivities. They will then spend their honeymoon at La Granja Palace, later going on to San Sebastian.

The fact that an English Princess is to become Queen of Spain is not regarded as having any political significance, although the increased intimacy between King Edward and King Alfonso, and the fact that the policies of Great Britain and Spain have recently followed similar lines is considered to be evidence that the marriage is strengthening political relations which for a time were strained. The marriage is popular with all classes in Spain.

The Danish Envoy and brilliant suite arrived here to represent Denmark at the wedding, being the first of the foreign delegations to reach Madrid.

PILLOWED

His Head on the Breast of the Man He Had Murdered and Peace- fully Went to Sleep.

Jackson, Ky., May 14.—"Bill" Griffith was shot and instantly killed at noon Sunday by "Dick" Strong while trying to prevent Strong from beating his wife. Strong, also colored, came home drunk and began to whip his wife. Her cries attracted the attention of Griffith, who was a neighbor. He ran over to Strong's house and was about to take hold of him, when Strong presented his pistol and shot Griffith between the eyes. Griffith fell to the floor and died instantly without a tremor.

Strong lay down beside the dead man and went to sleep before the people whom his shot attracted rushed into the house. He was lying with his head on the breast of his victim. He was taken to jail.

John Burns, ex-working man, now a British Cabinet Minister, once contended publicly that no man's work is worth more than \$2,500 a year. Yet Burns has accepted an office which pays \$10,000 a year.

Sherburn M. Becker, the young Republican mayor of Milwaukee, introduced a new style of campaigning when, just before election day, he distributed 5,000 corn-cob pipes and as many packages of tobacco.

On the beach of Norwich, England, the children enjoy one of the finest sports possible—tobogganing down a steep sand hill. The sand bluff is 120 feet high, of soft sand, and the coasters slide down by hundreds.

BEING UNDRESSED FOR BED WHEN TOTS WERE STRICKEN

Ft. Wayne, Ind., May 14.—Theodore, aged 7-1/2 years, son of R. J. Scott, and Loyal, four year old son of F. J. Cornwall, died Sunday morning almost simultaneously after swallowing nine strychnine tablets, while at play, Saturday evening in Mrs. Cornwall's room. Mrs. Cornwall has tablets for an affection of the heart. Little Teddy, the younger boy, was Loyal's uncle, so the two households are doubly buried in grief.

Little Teddy, just before lapsing into unconsciousness, looked up sweetly into his sorrowing mother's face and said, "Tiss me, mamma, tiss me." After working all night four physicians

at 7 o'clock Sunday morning gave up all hope of saving the two little tots. They were both seized with convulsions while being undressed in their mothers' arms for bed, before it was known that they had been poisoned.

The youngsters had been playing store with the dresser drawer as a grocery. Unnoticed they discovered the box of strychnine tablets and in play began eating them. They went down stairs later and Mrs. Scott prepared to go home. Teddy got sick at home and the excited mother ran into a drug store calling for doctors. Information from the Cornwall home, a few moments later, told of the horrible discovery that the pellets had been eaten.

FUNERAL DRIVERS WON THEIR STRIKE IN NEW YORK

New York, May 14.—More than 200 funerals were held in Greater New York Sunday, the 1,500 union funeral drivers who struck last week having returned to work. An amicable adjustment of the differences between the drivers and the funeral coach owners' association was arrived at after what was practically an all-night conference between representatives of the two organizations. The drivers won their fight, securing shorter hours, a \$2 increase in weekly wages and recognition of their union.

CARL SCHURZ DIED MONDAY

Famous Soldier, Statesman, Author, Succumbed to a Brief Illness in New York.

New York, May 14.—Carl Schurz, the well known statesman, who has been seriously ill since Wednesday last, died at 4:30 o'clock this morning. All members of his family were at the bedside when death came.

Carl Schurz was born near Cologne, Germany, March 2, 1829, participated in revolutionary movements in 1848-49, came to the United States in 1852 and for nearly half a century has been conspicuous in public affairs. He was minister to Spain in 1861, commanded a corps at Gettysburg, was United States senator from Missouri from 1868 to 1875, president of the convention which nominated Greeley for president and was secretary of the interior in the Hayes cabinet.

ADMIRAL ASSASSINATED.
St. Petersburg, May 14.—Admiral Konsmitch was assassinated today.

FATHER GAPON WAS EXECUTED; BODY OF PRIEST IDENTIFIED

It Was Found in a Lonely Villa in a Badly Decomposed Condition

Douma Meets and Would Fiercely Demand Immediate Amnesty But the Resolution Was Defiantly Side Tracked.

St. Petersburg, May 14.—The mystery of the fate of Father Gapon apparently was cleared up by the discovery of a corpse which was almost positively identified as that of the former priest hanging in the upper chamber of a lonely villa in the summer suburb of Onkeri, Finland. Decomposition of the face made positive identification difficult, but the features resembled those of Gapon and the clothing corresponded to that worn by the missing labor leader.

St. Petersburg, May 14.—At the meeting of the council of the empire Dmitri Shipoff astonished the assembly by proposing to introduce in the address in reply to the speech from the throne an humble request that the emperor revoke the fundamental law, which, to his mind, was liable to be the source of bitter conflict with the lower house of parliament. Several

bureaucrats, who were shocked at M. Shipoff's audacity, declared that the sovereign already had made sufficient concessions. Former Premier Witte delivered a 40-minute speech. He saw no objection to the proposals advocated by Professor Bagaley of Khar'kov, who urged the council of the empire to work in unison with the assembly, and in the address to pray that his majesty in limiting amnesty be guided only by the greatness of his own heart and the solemnity of the occasion. But with regard to M. Shipoff's proposal, Count Witte said it was irreconcilable with the character of a body like the council of the empire to make such a recommendation to the sovereign.

In the lower house, the labor

members introduced resolutions for the immediate submission to Emperor Nicholas by telegraph of a demand that amnesty be proclaimed at once. In view of the Mayday demonstrations today and the arrests that are expected the Constitutional Democratic leaders were scarcely able to stave off so precipitate a move, which would undo the results of their moderation, by sending their best orators into the fray, when Professor Kovalevsky, a free lance member, proposed that instead of telegraphing, the house send President Mourmentoff to Peterhof with the request for immediate amnesty. This threatened to sweep the house, but the Constitutional Democrats by sharp politics managed to sidetrack the matter until after the selection of a commission, which, according to Russian procedure, occupied several hours, and then were able to defeat it.

The Polish deputies began their campaign for autonomy by introducing a resolution for the inclusion of a paragraph on that subject in the reply to the speech from the throne, pointing out that the fundamental law which establishes the special position of Finland does not mention the relations of Poland to the empire, and that the government's attitude in regard to the absorption of Poland as an accomplished fact is thereby manifested. The house turned over the resolution to a commission without recommendation.

Though the Socialists and workers of St. Petersburg proclaimed their intention of celebrating Mayday peacefully, the government made preparations on a large scale to meet possible disorders. Patrols are on many streets in the industrial quarters.

CHILD FELL

Against the Gas Stove and Burned to Death During Her Mother's Absence From Home.

Cincinnati, May 14.—A terrible shock awaited Mrs. William Meyers, of 316 Mulberry street, when she returned to her home yesterday morning after a visit of a few minutes with a neighbor next door. She had left her 18 months old baby Rosalind in the kitchen, where Mrs. Meyers was finishing up the breakfast dishes. The fire in the gas stove was left burning and the baby was in a chair by the stove.

When Mrs. Meyers and the neighbor came back after 10 minutes there was a horrible odor of burning flesh and as Mrs. Meyers opened the door she saw the charred body of the baby on the floor with the remnants of her dress still smoking. The child had been burned to death. It is thought she fell against the stove and her dress ignited. In her struggles she tore loose the rubber pipe connection with the stove and this caused the fire in the stove to go out. Coroner Cameron was notified of the accident.

Considering that the protest has lasted long enough the leaders of the strike in Italy decided to end it. The chamber of deputies refused to accept the resignation of the Socialist members.

As a sequel to the riot at Windhorst, Pa., warrants have been issued for the arrest of Captain W. J. Tanney of a Pittsburg detective agency and nine of his associates on the charge of murder.

A man entered the home of August Hupfer, 76, at New York, choked him into insensibility and assaulted Mrs. Hupfer, 50, causing her death. The police arrested on suspicion James McFarland, a night watchman.

New Zealand, with a population of between 800,000 and 900,000, spends \$1,000,000 a year on old age pensions. In Denmark the annual cost is about \$1,000,000 per annum, spread over a population of about 2,500,000.

FEARFUL FORCE OF EXPLOSION

DETONATION FELT WITHIN A RADIUS OF TWENTY-FIVE MILES.

Nearly Every Pane of Glass in Bridgeport, Conn., Was Blown Out But No One Hurt.

Bridgeport, Conn., May 14.—The residents of this place and vicinity were thrown into a panic after 4 o'clock this morning by a movement of the earth resembling an earthquake. Early every pane of glass in the city was broken. Investigation, however, showed that a magazine at the Cambridge works near here had exploded. The shock was felt in Ansonia, Derby, New Haven and other places within a radius of twenty miles.

The explosion demolished two monster magazines of the Union Metallic Cartridge company and shook the country for 25 miles around, doing damage to buildings.

People were shaken from their beds by the impact. There were two distinct shocks as the magazines were blown asunder by the tons of dynamite and other explosives stored therein.

The two magazines are located at Strawberry Hill, about four miles from the city. All that remains is a great hole in the earth. Both were completely destroyed. The magazines are situated near the almshouse and the impact shook that building with such force that the chimneys toppled and the plaster was torn from the walls. Many inmates are reported to be slightly injured by the falling plaster, but no one was seriously hurt.

A farm house nearby was demolished. In the east of the city most all the chimneys are blown down, toppling off the houses. Nearly all plate glass windows of the business houses of the city are broken.

FIVE EARTHQUAKE SHOCKS.
London, May 14.—Five mild earthquake shocks were felt in the island of Guernsey this afternoon.

PROSECUTOR NOLLIED INDICTMENTS AND PRISONERS WERE RELEASED

The Men Held in the County Jail for Aiding and Abetting in the Murder of Homer Loar Were Given Their Liberty Monday Morning.

The cases of the State of Ohio vs. Heaninger, Coble, Harter, Taylor, Oden and Beckford, charged with aiding and abetting George Collins in the murder of Homer Loar, were called Monday morning. Prosecutor James R. Fitzgibbon stated that owing to the holding of the court in the Raab case, he would ask that the indictments be nollied. This was done and order for the discharge of the defendants was issued. They were accordingly released from the county jail where they have been confined since last December.

David Cohen et al vs. Rufus Putnam et al, an action on a note and mortgage; judgment of settlement. Pollett & Follett.

James E. Martin vs. Goldie Baughman, decree for plaintiff, quieting title, administrator to distribute the funds in his hands. Jones & Jones; Norpell, Daugherty.

A representative of the West Publishing Co. will deliver a lecture at the court house at 9 o'clock a week from next Saturday morning. The subject of the lecture will be "The Law—Where to Find It." Admission is free, and no collection will be taken.

An assignment of criminal cases will be made tomorrow morning.

A jury will be drawn for the trial of criminal cases next week.

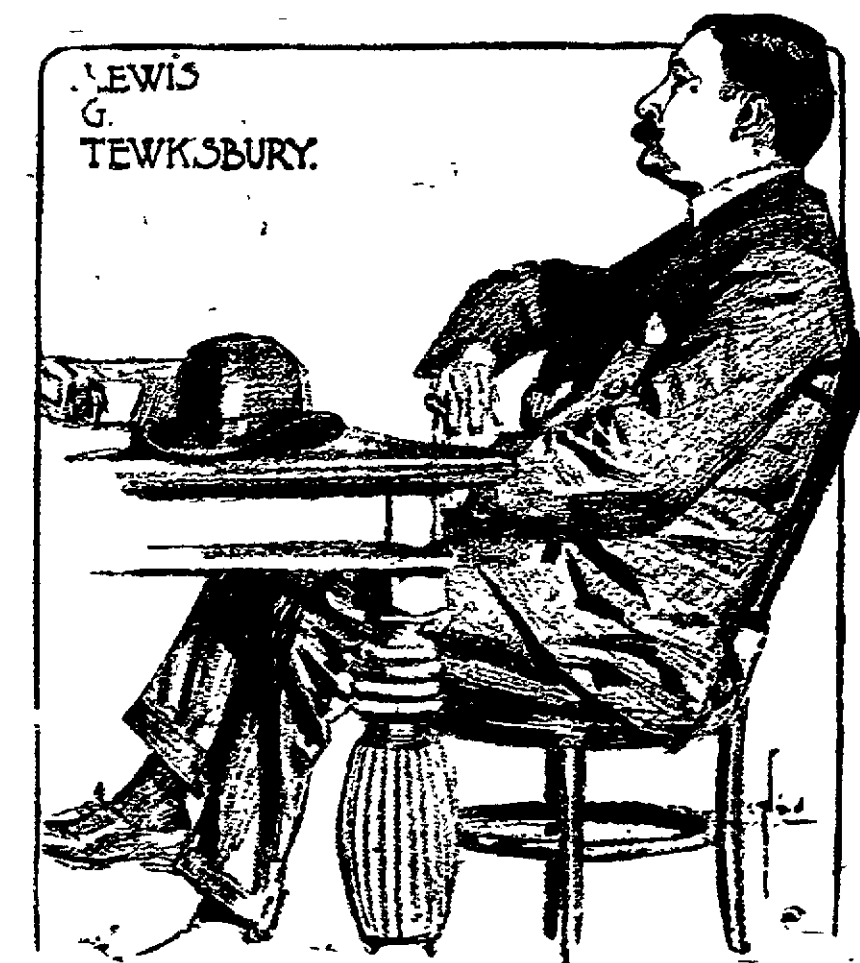

A telegram was received from Dr. Lodge in reply to the inquiry as to when he would be present to give testimony in the Bevard case. The doctor stated that he did not know when he would be present. He was asked whether he would be here the first of June and he replied that he would not, that he did not know when.

Wednesday of this week is set apart for hearing motions and demurrers.

Sound Over to Court.
Cleveland Jenkins was arrested on Saturday evening about 4 o'clock on a warrant sworn out before Justice Lee S. Lake by Maggie Roe, who charged Jenkins with having committed a criminal assault on her daughter, Phoebe Olive Roe, aged 15 years. The arrest was made by Constable Brooks, and the prisoner was taken before Squire Lake who required him to give bond in the sum of \$500 for his appearance in court on Tuesday morning at 9 o'clock, at which time the preliminary hearing will be had.

Suit Against the City.
Philip Coffman has commenced suit against the City of Newark for \$125 damages. He claims that while he was driving a traction engine on Fourth street on April 2, in passing over a sewer, that the sewer caved in and the engine fell into it, damaging it to the extent of \$40; that he was delayed and injured in his business in the sum of \$70 by being deprived of

FORMER BROKER ACCUSED BY FIRST WIFE:

New York, May 14.—As dapper as in the days when he was making a fortune in Wall street and owned several fast trotting horses, and this although he has been in the Tombs for several weeks, Lewis G. Tewksbury was placed on trial before Recorder Goff, in General Sessions court, accused of having stolen government bonds valued at \$10,000 from his first wife. The complainant was not in court.

Nine jurors were in the box when the case was called for trial. The case is expected to last several days.

the use of his engine. He charges gross negligence and carelessness on the part of the defendant because of the weak and imperfect manner in which the sewer was constructed and because it was not maintained in a safe condition for the engine and other vehicles to pass over. Smythe & Smythe, attorneys for the plaintiff.

Marriage Licenses.
Charles T. Buckingham, Newark, Altha L. Day, Newark.

Wm. H. Gierhart, Etna, Bessie L. Amerine, Summit Station.

W. Allan Genney, Peerless, O., Grace M. Sanders, Hartford twp.

Probate Court.
James R. Harris, guardian of the estate of John A. Hancock, a minor, has filed his third account.

The last will and testament of Samuel C. Wright, deceased, late of Utica, was admitted to Probate Monday and Clarence W. Wright was appointed executor without bond.

The last will and testament of Martha Ann Irwin of Newark, was admitted to probate on Monday and the appointment of an executor was deferred.

The matter of the exceptions filed to the account of James F. Lingafelter, executor of the estate of Margaret O. Shaugnessy, deceased, which was set for hearing Monday, has been continued until next Wednesday.

Mrs. Lingafelter in Columbus.
Mrs. J. F. Lingafelter, accompanied by her attorney, Roderick Jones, of the law firm of Jones & Jones, went to Columbus Monday morning and appeared before C. M. Rogers to answer to a petition filed by Edward W. Crayton, trustee in bankruptcy, and the answer and cross petition of the Homestead Building and Savings company and George P. Webb, receiver, asking that the real estate of the bankrupt be sold free of her contingent bond and all other interest and title therein.

Real Estate Transfers.
Alonso Priest to Samuel Poff and Carrie B. Poff, one-third part of lot 16 in Etna, \$700.
Clara I. Huston and Frank N. Huston to Isaac J. Tharp, lots 42 and 43 in Summit Station, \$1000.
Clara I. Huston and Frank N. Huston to Isaac R. Tharp, 1 acre in Lima township, \$200.
Anna E. Clark to John H. Clapper, lot 33 in the William A. Channel's addition to Newark, \$275.
Albert W. Francis and Della M. Francis to Robert L. Shawhan, real estate in Newark, \$400.
Fannie M. Brackett and husband to Abbie L. Ferguson, lot 37 in the Newark Real Estate and Improvement company's Hudson Park addition in Newark township, \$325.
Charles L. Wyeth and Lydia Wyeth

to Raymond O. Smith, lot 3434 in Woodside addition to Newark, \$2 and other valuable considerations.
John Liming and others to Edgar M. Liming and others, 27 acres in Bennington township, \$2000.
Ben. Franklin Glover and Jennie Glover to David M. Allbaugh, lot 2865 in the Tenney, Dickinson and Everett addition to Newark, \$1600.
Henry S. Fleck and wife to Wm. B. Parker, three parcels of land in Eden township, \$3500.
Carrie E. Morgan to Lyman B. Bassett and Emma A. Bassett, lot 3477 in Newark, \$300.
The Newark Real Estate and Improvement company to Edward McGonagle, lot 3 in the Newark Real Estate and Improvement company's Cottage addition in Newark township, \$125.
Alice J. Harter and John A. Harter to Emmet Baugher and Charles C. McGruder, lot 2349 in Geo. Miller's second addition to Newark, \$1 and other considerations.

Transcript Filed.
A transcript from the docket of Justice Lee S. Lake in the case of the Ham Sand Box Company vs. The Jewett Car Company, has been filed with the clerk of court.

Temporary Injunction Secured.
Recently Mr. James Linehan purchased the dwelling house on North Fourth street, formerly occupied by Mr. Perry Rank, and secured the services of Frank Swartz to move it to a lot owned by him on North First street. It was proposed to move to house to Church street, thence east along Church street to First street, and north on First street to its destination. Monday morning the Newark Telephone company filed a petition in the Common Pleas court asking that Frank Swartz and James Linehan be restrained and enjoined from moving the house on Church street between Third and First streets, and from breaking, disconnecting or in any way interfering with the cables, or appliances belonging to the plaintiff located or suspended on Church street between First and Third streets, and that upon final hearing the injunction be made perpetual. Plaintiff further prays that the defendants be restrained and enjoined from moving the building either north on Fourth street, thence east on Locust to destination, or north on Fourth to Church, thence east on Church to Third, thence north on Third to Locust, and thence east on Locust to its destination until the defendants shall have deposited with the clerk of the court a sum of money equal to the amount of damage which shall accrue to the plaintiff by reason of the moving of the house along either of the two last mentioned routes, and that the court order the plaintiff to exhibit to the court the cost damage of expense which shall accrue to it in taking care or removal of its wires or appliances in order to permit the transit of the dwelling. A temporary injunction was granted by Judge C. W. Seward. Kibler & Montgomery, attorneys for the plaintiff.

TUXEDO CLUB CIGAR.
Paul Knapp, a half breed Pottawatomie, 19 years old, has been appointed to a West Point cadetship.

ROOSEVELT HUNTING SHAFT
Southwesterners to Build a Novel Monument in Theodore.
President Roosevelt is soon to be immortalized as the pioneer coyote exterminator of the southwest, according to a dispatch from Lawton, Okla. This is to be accomplished through the erection of a monument on the exact spot where the president's tent was pitched during the few days of his hunt in southwest Oklahoma last spring. The monument is to cost several thousand dollars and is to be paid for by popular subscription.

The report was current recently that the Rock Island system has selected the quarter section of land upon which the president camped as the site of a town to be called Theodore. The monument is to be erected in the center of the town site and will bear inscriptions giving the names of the president's party, the date of the hunt, etc. Figures representing the president, John Abernethy, seeing coyotes and chasing hounds are to be placed on the pedestal around the monument's base.

You Would Give Considerable To Be Relieved of Your Rheumatism
even for a little while. Would you not give more to be permanently relieved? You have probably tried a great many things for your Rheumatism without success.
Did you ever try
Ath-lo-pho-ros
the great dissolver of Uric Acid?
An excess of Uric Acid in your system is the cause of your pain; this we guarantee Athlophoros will remove. It has done so in thousands of cases and will not fail in yours.
Athlophoros is not a "cure all" but a specific for one disease—Rheumatism. Twenty years' experience warrants the statement that we have the one remedy guaranteed to cure this dread disease. No matter how severe your rheumatism may be, or how long you have been afflicted, Athlophoros will speedily make you well.

FUND TO AID STRIKERS
Big Insurance Scheme From Which It Will Be Derived.
CHIEFLY TO AID MEN ON STRIKE
Unique Plan Outlined in Convention of Telegraphers by Daniel Russell Includes Every American Labor Union in Its Scope—It Has the Indorsement of Samuel Gompers.

At a recent session in Cincinnati of the Commercial Telegraphers' Union of America a matter was proposed that is the first step toward the carrying out of a tremendous enterprise, but intended to be for the benefit of all classes of union labor in the United States, says the Cincinnati Enquirer. The plan is a comprehensive one and involves millions of money in the end, that will be used for the support not only of widows and orphans of union men, but also for their aid in strikes or when out of work because of disabilities.

The scheme was evolved by Daniel Russell of the New York Union of Telegraphers. Mr. Russell submitted his plan to President Gompers of the Federation of Labor, and the latter thought so well of it that he asked Mr. Russell to present the matter to the Commercial Telegraphers' union at its session in Cincinnati and request them to take the first step toward carrying it into effect.

Basing his idea upon the fact that the recent exposures of insurance frauds had shown that capital of the great insurance companies is sometimes furnished to large concerns that employ workmen to tide them over difficulties when there has been a strike, thus aiding the employers against unions; that there is little for the workman in one of the large insurance companies because they necessarily hold small policies and cannot get the benefits that the large policy holders do; that from the workmen comes, in the first instance, the money with which the large policy holders pay their huge premiums and that because of these things it has become necessary for labor to fortify itself against capital, he evolved the plan of an insurance company to be conducted by the unions of all classes of labor.

His idea is that it is necessary for the unions to educate their members into the business gradually. To do this each branch of labor must form an insurance adjunct to its union. After they have all got to running nicely the funds of all are to be merged into one gigantic corporation, the combined funds to be invested in such manner as to bring an increase sufficient to carry out the objects intended. These are that there shall be provided from the income a fund for sick benefits, one for death benefits, one for men out of work and, the chief one, to assist men when on strike. As the idea has been worked out theoretically it is the intention to have the last mentioned fund so large that when there is a strike there shall be paid to the strikers a certain proportion of the wages they received while at work, say one-half, and thus assist the men to carry out their fight without entailing hardships on them and their families. It is not the intention, however, to make the pay to the strikers of such an amount as to make it an inducement to strike.

The further purpose is to make the combined insurance company of the workmen of such proportions that there will be no question but that it can carry out the ideas intended and thus be able to strike a blow at capital when necessary that will be felt and at the same time have a weapon that capital will be apt to respect and think about before it refuses to at least hear and consider the demands that may be made by union men when these demands are reasonable. Mr. Russell said he believed the plan could be carried out, not in a short time, of course, but that several years would be required to carry the plan into effect.

As has been said, the Commercial Telegraphers' Union of America was selected by Mr. Gompers to take the first step in this plan, and it was done by the proposing of an amendment to the constitution whereby an insurance branch will be added to it. This will be taken up by a committee and eventually will go to all the subordinate bodies to be acted upon.

The idea was received with favor at the meeting, and Mr. Russell was complimented by many of the members for working it out. The committee appointed will consider the subject and make a report.

A Long Fence For Sheep Pasture.
F. S. Pearson recently completed the purchase of 4,000 acres of land in the towns of Great Barrington, Alford and Monterey, Mass., and Austerlitz, N. Y., says a Great Barrington correspondent of the Boston Herald. The property will be inclosed with a wire fence twelve miles long and seven feet high closely meshed to keep out dogs. Mr. Pearson has bought 5,000 high grade Shropshire and Dorset sheep in England and has engaged Scotch shepherds.

"Mrs. Roosevelt's Spice Cake."
Paul Fagan of Meriden, Conn., fourteen years old, wrote a note to Mrs. Roosevelt, wife of the president, the other day asking her to send him her favorite recipe, says a Meriden special to the New York World. He recently received, on official stationery, a recipe marked, "Mrs. Roosevelt's Spice Cake."

This recipe will occupy the place of honor in a cookbook which the lad is getting up to sell at Meriden's coming centennial celebration.

Big Insurance Scheme From Which It Will Be Derived.
CHIEFLY TO AID MEN ON STRIKE
Unique Plan Outlined in Convention of Telegraphers by Daniel Russell Includes Every American Labor Union in Its Scope—It Has the Indorsement of Samuel Gompers.

At a recent session in Cincinnati of the Commercial Telegraphers' Union of America a matter was proposed that is the first step toward the carrying out of a tremendous enterprise, but intended to be for the benefit of all classes of union labor in the United States, says the Cincinnati Enquirer. The plan is a comprehensive one and involves millions of money in the end, that will be used for the support not only of widows and orphans of union men, but also for their aid in strikes or when out of work because of disabilities.

The scheme was evolved by Daniel Russell of the New York Union of Telegraphers. Mr. Russell submitted his plan to President Gompers of the Federation of Labor, and the latter thought so well of it that he asked Mr. Russell to present the matter to the Commercial Telegraphers' union at its session in Cincinnati and request them to take the first step toward carrying it into effect.

Basing his idea upon the fact that the recent exposures of insurance frauds had shown that capital of the great insurance companies is sometimes furnished to large concerns that employ workmen to tide them over difficulties when there has been a strike, thus aiding the employers against unions; that there is little for the workman in one of the large insurance companies because they necessarily hold small policies and cannot get the benefits that the large policy holders do; that from the workmen comes, in the first instance, the money with which the large policy holders pay their huge premiums and that because of these things it has become necessary for labor to fortify itself against capital, he evolved the plan of an insurance company to be conducted by the unions of all classes of labor.

His idea is that it is necessary for the unions to educate their members into the business gradually. To do this each branch of labor must form an insurance adjunct to its union. After they have all got to running nicely the funds of all are to be merged into one gigantic corporation, the combined funds to be invested in such manner as to bring an increase sufficient to carry out the objects intended. These are that there shall be provided from the income a fund for sick benefits, one for death benefits, one for men out of work and, the chief one, to assist men when on strike. As the idea has been worked out theoretically it is the intention to have the last mentioned fund so large that when there is a strike there shall be paid to the strikers a certain proportion of the wages they received while at work, say one-half, and thus assist the men to carry out their fight without entailing hardships on them and their families. It is not the intention, however, to make the pay to the strikers of such an amount as to make it an inducement to strike.

The further purpose is to make the combined insurance company of the workmen of such proportions that there will be no question but that it can carry out the ideas intended and thus be able to strike a blow at capital when necessary that will be felt and at the same time have a weapon that capital will be apt to respect and think about before it refuses to at least hear and consider the demands that may be made by union men when these demands are reasonable. Mr. Russell said he believed the plan could be carried out, not in a short time, of course, but that several years would be required to carry the plan into effect.

As has been said, the Commercial Telegraphers' Union of America was selected by Mr. Gompers to take the first step in this plan, and it was done by the proposing of an amendment to the constitution whereby an insurance branch will be added to it. This will be taken up by a committee and eventually will go to all the subordinate bodies to be acted upon.

The idea was received with favor at the meeting, and Mr. Russell was complimented by many of the members for working it out. The committee appointed will consider the subject and make a report.

A Long Fence For Sheep Pasture.
F. S. Pearson recently completed the purchase of 4,000 acres of land in the towns of Great Barrington, Alford and Monterey, Mass., and Austerlitz, N. Y., says a Great Barrington correspondent of the Boston Herald. The property will be inclosed with a wire fence twelve miles long and seven feet high closely meshed to keep out dogs. Mr. Pearson has bought 5,000 high grade Shropshire and Dorset sheep in England and has engaged Scotch shepherds.

"Mrs. Roosevelt's Spice Cake."
Paul Fagan of Meriden, Conn., fourteen years old, wrote a note to Mrs. Roosevelt, wife of the president, the other day asking her to send him her favorite recipe, says a Meriden special to the New York World. He recently received, on official stationery, a recipe marked, "Mrs. Roosevelt's Spice Cake."

This recipe will occupy the place of honor in a cookbook which the lad is getting up to sell at Meriden's coming centennial celebration.

Why Not Consult Free an Experienced, Educated Specialist, who is thoroughly equipped with the necessary appliances known to modern medical science?

It Will Pay You to Go 200 Miles to See Dr. Weist

Chief Examining and Consulting Physician of the France Medical Institute. Dr. Weist will do more for you and insure perfect success and in the shortest possible time and you are at no charges if he fails to heal—fails to cure. Not a PENNY is lost to you if you are at all dissatisfied.

HE HEALS ALL CURABLE CASES

The France Medical Institute. Established 1885. 19 years in Columbus, O. A nineteenth years we have been making regular monthly visits to the principal cities of Ohio. Our long experience, remarkable skill, and great success entitle us to the full confidence of the afflicted. REFERENCES—Best Bureaus and Leading Business Men of Columbus. Men and women who need treatment, find out what ails you. When the real trouble is known that is one half the cure. Not a dollar need be paid unless you are absolutely satisfied in every particular that Dr. Weist will keep his agreement.

WHAT AILS YOU?
Throat, Lung, Nasal Diseases. Catarrh, Consumption, Bronchitis, Asthma.
Heart, Blood and Skin Diseases. Ulcers, Sores, Pimples, Eczema.
Brain, Spinal and Nerve Diseases. Such as Paralysis, Epilepsy, Fits, Neuralgia, Sciatica, Headaches, Sleeplessness, Dizziness, Brain, and Nervous Exhaustion, etc., successfully treated by our original method.
Rheumatism. Our cure for Rheumatism is the most successful known to medical science.
Young and Middle-Aged Men. who suffer from the effects of youthful indiscretions and Nervous Debility may call with confidence.
Diseases of Women. After years of experience we have discovered the greatest cure known for diseases peculiar to the sex. Painful Menstruation, Sterility or Barrenness, Leucorrhoea, Pruritus, Ovarian and Uterine Tumors in the early stages, etc., positively cured by our method. Our treatment is perfectly harmless and easily applied. No humiliating exposure on examination. Try it, and you will exclaim like hundreds of others: "Oh, I feel like a different woman."

Rupture and Varicocele. permanently cured without the use of the knife, truss or suspension. Be sure and consult us before taking treatment elsewhere.
Kidney and Bladder Diseases. Bright's Disease, Diabetes, Enlarged Prostate, Frequent and Painful Urination. It costs no more to employ an expert than to risk your life with an inexperienced physician.
Stricture. and all forms of disease of the urethra and prostate gland cured by our Medicated Bougie, a method of treatment without pain or detention from business.
Syphilis or Blood Poison. cured without use of injurious drugs where others fail.

Not necessary to attend expensive Sanitariums, Hospitals, or Health Resorts; our medicines and treatment can be taken and applied at home. Each person applying for Medical Treatment to our visiting physician or at the home office should bring from two to four ounces of urine, which will receive careful chemical and microscopic examination. Consultation and Examination free and strictly confidential. No names published without written consent.

I would rather effect a cure of a difficult case than receive a big sum of money. I believe in "CURING TO STAY CURED."

Nothing is paid by you if nothing is done for you. RESULTS COUNT; NOTHING ELSE. You get satisfaction, you get cured or you are OUT NO MONEY.

ADVOCATE WANTS BRING RESULTS

BIG CROWD OF NEWARK FANS SAW ZANESVILLE WIN GRAND FARCE

Howard Stone Quit and Bradley Kept Up His Policy of Playing for His Release—Umpire Sam Wise Was As Rotten as Usual.

DRUMM'S DIRTY PLAYING.
 Manager Ferd Drumm has played ball against Newark for several years but in Sunday's game the fans saw his first dirty ball playing. With a Zanesville man on third, Drumm sent a grounder to Stone who fielded perfectly to Botenus and Ferd was out. Foxy Ferd deliberately grasped Botenus around the waist, pinioning his arms and preventing the throw to home to cut off the runner. Bo's play was to smash Drumm between the eyes with his fist, but the big first sacker made no such move.

HOW THEY STAND.

	Won.	Lost.	Pct.
Youngstown	11	1	.917
Zanesville	8	5	.615
Mansfield	6	5	.545
Newark	6	6	.500
New Castle	5	6	.455
Sharon	4	7	.364
Akron	4	7	.364
Lancaster	3	10	.231

Yesterday's Results.
 Zanesville 9, Newark 4.
 Mansfield 9, Lancaster 4.

Saturday's Results.
 Youngstown 3, Zanesville 2.
 Newark 3, Akron 1.
 New Castle 1, Mansfield 0.
 Lancaster 4, Sharon 3.

Today's Games.
 Zanesville at New Castle.
 Newark at Sharon.
 Mansfield at Youngstown.
 Lancaster at Akron.

It was a mournful tale which the fans from Newark had to relate to their more fortunate brothers who remained at home from Zanesville on Sunday, and there was considerable disgust in their voices too, as they related the story. There are heaps of maledictions under which are buried Bates and Bradley, while Botenus and Stone are struggling out from the bare edge of the heap. It really must have been frightful the way the score went and the way the hits were piled up.

It was anything but championship ball, was that matinee of yesterday. Both teams went bad at times, but the magnificent hitting of the Drummers brought them out on top. Mr. Samuel Wise—he's the umpire—contributed several things which created misery for the assembled hosts. It looked at one time in the game as though Samuel was due for a real mobbing. When he had handed it to Zanesville pretty rotten and therefore had aroused the ire of the Mud City bugs, he brought down the wrath of Cotton Bates and 10 other Newark athletes by a decision which caused Bates to announce that he would finish the game under protest.

The umpire's ruling which stirred up the mild mannered Bates and his followers came in the sixth. Daniel Davis was at second and Wratten hit to Flood. Tim turned to field the ball to second and, seeing Danny near the bag, turned and heaved the ball a mile over Huling's head. "Wrat!" took second and Davis ambled home. By an agreement which Bates claims was never made, but one base was to be taken on an overthrow, and Mr. Wise sent the crest fallen Danny back to Flood's backfield. A wealth of ire and an abundance of protest ensued before the light haired manager would allow Danny to go back to third. Captain Jim nailed Danny at the plate a few seconds later after having retired Dow.

His umpire had more than his share of trouble yesterday. When he called Eddie Larson out at the plate in the fourth, when he called B. Quinn out at the second base in the first, and when he called Davis safe at first in the sixth, Ingerton's throw had beaten him by a yard and fandon.

THE BEST COUGH CURE

A well-known Rochester lady says: "I stayed in the Adirondacks, away from friends and home, two winters before I found that my taking

Kemp's Balsam

It could subdue the cough that drove me away from home and seemed likely to never allow me to live there in winter."
 Kemp's Balsam will cure any cough that can be cured by any medicine.

bases full, he struck out two and forced a third to hit a slow ball right into the box. Attendance 1,200. Score: New Castle 9 0 1 0 0 0 0 0 0 0 1 5 0
 Mansfield 0 0 0 0 0 0 0 0 0 0 3 1
 Batteries: Jackson and Lindeman; Yarnell and Fox; umpire, Lavelle.

Youngstown 3, Zanesville 2.
 Youngstown, O., May 14.—Although outbatted and outfielded by Zanesville, Youngstown won Saturday's game. The Moguls failed to take advantage of Youngstown's numerous misplays. Attendance 1800. Score:

R. H. E.
 Youngstown 1 0 0 0 0 2 0 0 3 5 1
 Zanesville 0 1 0 0 0 1 0 0 2 7 1
 Batteries: Castleton and Pohl; Lucas and Lauzon. Umpire, Wise.

Police Stop Game at Shelby.
 Shelby, May 14.—The Sunday ball games of the O. P. league scheduled for Mansfield and the first game played here Sunday between Mansfield and Lancaster, the former winning by a score of 9 to 4. Farrell was batted all over the field by the Mansfield team. In the fifth inning the Lancaster team took a brace and put four men over the plate. In the eighth inning the game was stopped.

While the game was in progress the ministers were holding a law and order league meeting in the city hall. A delegation consisting of six citizens was chosen to visit the park and report if the game was in progress. They did so and the warrant was sworn out. It was placed in the hands of Constable Mickey, who served the warrant at the close of the eighth inning. Score: R. H. E.
 Mansfield 9 18 0
 Lancaster 4 6 0
 Batteries—D. Bailey and Fox; Farrell and Kunkle. Umpire—Hardesty.

Mr. Samuel Wise.
 If yesterday's work may be taken as a sample of the kind of umpiring that Sam Wise is inflicting upon the patrons of the game, it's no wonder that there has been kicking from all the cities where he has officiated. It may have been an off day for Sam, but if it was only that, his work when he's good can't be very good.

Wise was off on strikes and balls and his decisions on plays at the bags and at home were as yellow as they could be. It's just such umpiring that kills off interest in the sport and makes the game seem disorderly. Mr. Wise may offer up a few devout wishes that the fans didn't lay violent hands on him. He surely suffers considerably by comparison with Martin Lavelle. Times Recorder.

Wood Goes to Albany.
 Monte Wood, the pitcher secured by Drumm from Cleveland, is to go to the Albany team of the New York State league. The arrangements for this transfer were made last week when Drumm was in Cleveland and the only reason that Drumm parts with him is because he has four other such pitchers as Lucas, Stewart, Wilmot and Wilhelm. The choice lay between Wilmot and Wood and both Captain Cooper and Manager Drumm thought Wilmot the steadier by reason of his greater experience.

DENISON COULDN'T LAND THE WINNER

Wooester Holds the Old Run When Counting Time Comes for Baptists.

Wooester, May 14.—In a closely contested game the Yarns defeated Denison here Saturday. During the early part of the game the visitors had the lead with good prospects of keeping it. While Flood pitched a good game and fielded his position in a admirable manner, the Baptists streaked him with benders for good safe hits. Denon's whole infield played a good safe ball, and LaRue in left field made two beautiful catches after long runs. Blazer's three bager and Shontz's picking up of several difficult low balls were the features.

LINKE AGAIN BEAT AKRON

Columbus Pitcher Proved an Unsolvably Mystery for East's Warriors

GAME AT AKRON SATURDAY WAS CLOSE AND BOTH TEAMS PLAYED GOOD BALL

Newark Had Chance for Second Place After Akron Game But Sunday's Defeat Pushed 'Em Down.

(Special to the Advocate.)

Akron, May 14.—A linkless chain of hits off Link make Akron eat dirt here Saturday. The angular southpaw sure had the Akrons baffled. "Doggie" Orlieb saved a shutout by a single in the ninth, following an error by Dow that gave Callahan first and a pass to Manager East.

Big "Buff" Ehman worked for Akron. He was also as effective as Link until the sixth, when the first run was batted in.

Bradley opened the sixth with a single. Snyder moved him up and following a fly to center by Botenus, Drake put the ball against the left field fence. "Brad" came in.

Two more were scored by the visitors in the eighth. Bradley opened the round with a double. Snyder sacrificed. Botenus doubled, scoring Bradley. Drake singled and Botenus scored.

Drake was there with the swatting tool for the sojourners. Bradley started in the field for Newark by a catch of a liner off Stroud's bat in the third.

Ehman batted perfectly. Twice he singled and the third time up Link passed him. Mathay's work in left and a catch of a Texas leaguer by Buck Kennov in the sixth were the bright spots of Akron's fielding score.

Akron—

WESLEYAN SHOWS STRENGTH IN HER DUAL TRACK MEET

Denison Is Badly Defeated by the Methodists--Sprinter Allyn Breaks a State Record in the 220 Yard Dash According to Returns.

Delaware, O., May 14.—In a dual track meet with Denison here Saturday afternoon, Wesleyan won in every style, defeating the Baptists by the score of 79 to 35. In the field events Denison was completely outclassed, being unable to take a first. In the hurdles the visitors showed up well. Captain Binkley and Wadell being their star performers.

For Wesleyan Allyn carried off the honors of the day, lowering the state record from 22 seconds to 21 4-5 for the 220 yard dash. Allyn was also an easy winner in the 100-yard dash running the event in 10 1/2. Jackson, Robinson, Poole and Schweitzer were others who did good work for Wesleyan. In the running events the contestants were greatly handicapped by the high wind that blew during the afternoon.

The events and winners are as follows: Shot put—Poole, Wesleyan, second, Pamment, Denison. Distance 75 feet 2 inches.
 Pole vault—Jackson and Richards, Wesleyan, tie. Height 8 feet 9 inches.
 Broad jump—Allyn, Wesleyan, second, Coc Denison. Distance 21 feet 3 inches.
 Discus throw—Poole, Wesleyan, second, Pamment, Denison. Distance 105 feet 3 inches.

hits: Bradley, Botenus, Drake, Wratten; sacrifice hits: Snyder 2, Botenus, Wratten; left on bases: Akron 6; Newark 7; bases on balls: off Linke 3; struck out: by Ehman 5; by Linke 7; hit by pitcher: Linke; time 1:35; attendance: 1,000; umpire: Hardesty.

FAN GOSSIP.

Billy Botenus' wife was a spectator at Friday's and Saturday's game. It must have caused that error, which is Bo's first one.

Link had great control and curves. He used little speed.

It was a busy day for Danny Davis. Four put outs and as many assists in a day's work for a short fielder.

Umpire Hardesty discouraged the visitors from umpire batting. A howl went up from the Newark bench following a strike decision. "That is enough of that," said Hardesty, and there was no more of it.

Callahan had an off day. Botenus' hit in the eighth should have been a put out. "Cal" came in instead of going out and it was a high one.

Mathay's work in left was a surprise to the fans. He will likely be kept there.

Akron fans would like to see Lefty Snyder attired in the regiment of their town. Lefty is a bull player.

Young Butler lifted a foul over the left field fence in the fifth. He failed to land safely.

Link was effected by the crowd getting after him. Twice when the fans started he lost control. If the fans had kept it up the result might have been some different.

THE KING CO. WON FROM PARISH CO.

Emphatic Game to King Co. on Bad Decision—No More Games in Texas.

CITY LEAGUE STANDING.

	Won.	Lost.	Pct.
King Co.	2	0	1.000
Parish Co.	1	5	.500
Rutledge	1	1	.500
Emerson	0	2	.000

In a game which should have gone extra innings on the Jefferson street grounds Sunday morning, the King Company of the City league, defeated the Parish Company by a score of 5 to 4. Through a rank decision of the umpire, who failed to keep track of the outs, the King Co. was enabled to score the winning run. O'Neill called a man safe at second on a forced run. He changed his decision and the man was called out making the third out. A man scored on the play which should not have counted, but both teams lost track of the outs and the ump's couldn't remember so the run was counted. The score:

R. H. E.
 King Co. 5 6 3
 Parish 4 5 4
 Batteries—Taft and Dolan; Harris and Beckett.

Rutledge 17, Emerson 8.
 The game between Rutledge and Emerson on the Texas grounds Sunday morning was very loose on both sides. Rutledge won out with a one sided score, 17 to 8. Manager Perry who has charge of the team during John Dold's absence, announced that his team would play no more games on the Texas grounds. A man with a garden and a greed for silver, saw his advantage and every time a foul ball was hit into his garden it cost 50 cents to recover it. There was no

money enough in the crowd to keep the game going longer than eight innings. The score: R. H. E.
 Rutledge 17 11 5
 Emerson 8 9 8
 Batteries—Jones and Church. Bowman and McCarty.

Stephans Win.
 The newly organized Crescent ball club, representing the Crescent skating rink was defeated in a fast and snappy game Sunday by the Stephan team on the Channel street grounds, the score being 3 to 1. Batteries—Crescents, French and Lake; Stephan, Phillips and P. Case. The Crescents challenge any team in the city. City league teams preferred. New phone White 5741.

King Co. 2, Armbrusters 0.
 The King Co. of the City league defeated the Armbrusters of Columbus in a close game. Robinson's pitching was a feature. Score: R. H. E.
 King Co. 2 5 1
 Armbrusters 0 3 3
 Batteries—Robbins and Down, Baird and Kellar.

AMATEUR TEAMS NOTICE.
 All accounts of amateur ball games for publication in the Advocate must be on the sporting editor's desk before 10 o'clock in the morning. Three games played yesterday were reported at noon today. The "copy" had to be thrown into the waste basket. The Advocate is glad to publish accounts of amateur games but the same must be sent in early.

CENTRAL DEFEATS GRANVILLE HIGH

Took Ten Innings for the Columbus Team to Trim the Licking County Boys.

Granville, May 14.—Ability to bunt won a close and exciting game for Central over Granville High Saturday though it took ten innings. Both pitchers did good work, but Jones was poorly supported. A rally in the ninth tied the score for the locals but they were unable to repeat in the tenth, though two were on base, with none out. Bentley put up a great game at first and led the batting, with a single and a long triple to left. Butler placed two perfect buns. Poer work on bases by Central helped to make the score close, four being caught off second. McDonald and Norris batted best for Granville and Aid and Debow starred in the field. Score: R. H. E.
 Central High 7 8 6
 Granville 5 6 11
 Batteries—Jones and Eagleson, Butler and Beckford. Umpire—Miller.

NEW SECOND BASEMAN.
 Second Baseman Dow who has played several games with the Newark team, was released last night on account of his poor batting. Young Butler of Akron, who played with that team here a week ago, will be secured to play that position temporarily. Butler is a good fielder and fair with the stick.

Chicago is to have the largest electric power station in the world. It will consist of a steel turbine plant and all the boilers are to be equipped with automatic stokers, so that no manual handling of the coal will be necessary. There will be an electrical kitchen where substantial meals will be cooked by electricity for the employees. There will be a refrigerating apparatus, an ice plant, a number of bedrooms, as well as locker rooms, baths and other conveniences.

FREE EXCURSION TO UTICA LOT SALE

TUESDAY, MAY 15th, 1906

Leaves B. & O. Station at 8:10 a. m.

THERE WILL BE A FREE EXCURSION from Newark to Utica given by the Tri-State Land Company, leaving at 8:10 in the morning and returning in the evening.

Men and Women wishing to go can procure tickets of any Agent who will be at the B. & O. Ticket Office before the train leaves. There will be only 150 tickets given away.

THIS IS A GREAT OPPORTUNITY to visit one of the best towns in Ohio. Those coming to invest can get lots at their own price. There will be 150 lots sold regardless of price.

Don't fail to visit a town which has grown from 800 souls in 1900 to 3,000 today. It is worth investigation when it costs you nothing to investigate.

RAILWAY AFFAIRS

Building Third Track.

The B. & O. railroad company is improving its Newark division by the construction of a third track between Central City and Outville and Big Walnut and Summit. Each line of new track will be about seven miles in length. The contract for the work has just been awarded to Allen and Kefauver, of Washington, D. C. Central City is four miles west of Newark, O., and Big Walnut is seven miles west of Columbus.

Between Central City and Outville the third track will be used for westbound freight trains and the new track between Big Walnut and Summit will be for eastbound freight movement. Both of these improvements are on heavy grades and are made to expedite the movement of freight trains and to avoid serious delay to numerous heavy passenger trains on this line, which is used jointly by the B. & O. and the Pittsburgh, Cincinnati, Chicago & St. Louis railroads. It is the intention to reduce the curves to a minimum of one degree, though no change will be made in the grades.

The present masonry will be extended for third track, with the exception of a bridge at Black Lick, which will be replaced by a 50 foot stone arch that will give room for tracks.

No Reduced Rates. No reduced rates will be given Ohio organizations holding conventions during the summer by the railroads of Ohio. The railroads say that the legislature has fixed the rate at two cents a mile and that they cannot grant a lower one.

No change will be made in Ohio in the interstate rates by the railroads of Ohio for the present.

It will cost you ten cents more than the regular fare if you get on a railroad train in Ohio without a ticket after June 1. This decree was issued last week as a result of the deliberations of the Central Passenger association at their regular monthly meeting at Chicago. But you can get your ten cents back. The conductor will give you a receipt check for your money and you can cash it at any station in the state if presented within thirty days. As a result of the passage of the two cent fare law in Ohio the passenger train conductors have been having their troubles on account of the big increase in cash fares. The conductors have been turning in three times as much cash as before the law went into

effect and have been greatly inconvenienced. Where the stations are only a few miles apart it is almost impossible to collect the fares, punch the cash receipts and make the change. As there has been no advantage in purchasing tickets at the smaller towns few are sold and nearly every fare received by the conductor is in cash. This condition of affairs not only makes it necessary for the conductor to carry large sums of money but offers an opportunity for dishonesty and loss to the railroad company. By requiring the payment of an extra fare of ten cents when cash is paid the railroads hope to cut down the number of cash fares and increase the ticket sales. The extra fare system is in effect in several states where it has been declared to be lawful. Notices will be posted in stations all over the state appraising the public of the decision of the railroads and requesting them to purchase tickets before getting on the train.—Columbus Dispatch.

News From Utica. Utica, O., May 14.—The residents of Utica along the main street were startled Sunday afternoon by the crashing of glass in front of the First National bank. It was first thought that an attempt had been made to rob the bank but an investigation proved that a little girl, Perry by name, a daughter of Will Perry, a glass blower, was playing in front of the bank with a stick, and had accidentally broken the window. Aside from being badly frightened the child was uninjured and the loss to the bank is only the price of a new glass.

IF YOU TRY

FATHER WILLIAM'S INDIAN HERB TEA, OR HERB TABLETS, and do not find them the best medicine you ever used for **CONSTIPATION, TORPID LIVER, SICK KIDNEYS, SOUR STOMACH, SICK HEADACHE, NEURALGIA, DYSPEPSIA, INDIGESTION, BILIOUSNESS, MALARIA, DIZZINESS, and BAD HEALTH,** we will refund the money.

CHURCH COMMITTEE EXONERATES PASTOR

But an Appeal May be Taken in the Work Case at Granville—Why Decision is Delayed.

Granville, O., May 14.—At the Sunday morning service at the Presbyterian church here, Rev. Henry Fulton of Newark, preached. Dr. Fulton is the moderator of the commission appointed by the Zanesville Presbytery to visit the Granville church, inquire into its state and take whatever action might be deemed necessary.

Dissatisfaction over the pastorate of Rev. C. L. Work was the cause of this action. The commission met Monday, May 7, and Sunday morning during the services, Dr. Fulton announced the following is the result of the commission's investigation: "The commission unanimously finds that Rev. C. L. Work is exonerated from all blame in connection with the conditions which unfortunately prevail at the present time in the Granville church, and recommend to the members of the church that they remember their vows taken on becoming members of the church, and on the occasion of calling a pastor."

This conclusion was reached after last week's investigation.

There is a strong rumor here that an appeal may be taken from the committee's decision because of the alleged fact that members of the committee were friendly to Mr. Work.

Some people are wondering why the State Medical Board deferred its decision in the Dr. Thompson case, which is the basis of this church trouble, until July 1. It may be stated that two of the members of the board did not arrive in Columbus in time to hear the first part of the testimony, so decision was reserved until the next meeting in order that the members might receive the stenographer's copy of all the testimony submitted at the meeting.

COMMENCEMENT

Of the Martinsburg High School Will Be Held on Friday, May 18th.

Martinsburg, May 14.—The fifteenth annual commencement of the Martinsburg High school will be held in

the Presbyterian church Friday evening, May 18. The following is the program:

Invocation—Rev. Mr. Gregg
Oration—Social Cement, Ruth Gilmer.

Oration—An Ideal Character, Jennie Fawcett.

Oration—Power, its Use and Abuse, Walter Berger.

Oration—True to the Old Flag, Fred Foss.

Oration—Love, Sacrifice and Service, Grace Hughes.

Oration—Illusions of History, Ralph Harrison.

Oration—My Boat is Launched, but Where is the Shore, Grace Cullison.

Oration—The Chord of Dominant, Alma McAtor.

Class Address—Professor Dickason, Wooster, Ohio.

Music will be furnished by the Mahaffey Orchestra of Mt. Vernon.

Mrs. Carrie Haskins Campbell of Trenton, Mo., is here to spend the summer with her aunt, Mrs. N. H. Tilton.

Rev. Mr. Bridges of Granville preached the Baccalaureate sermon in the Presbyterian church Sunday evening.

Prof. and Mrs. Yearly gave a reception at their home in honor of the class of '06 last Friday evening.

Mrs. Grace Tilton Thompson and daughter Margaret are the guests of Mr. and Mrs. N. H. Tilton.

Mr. Applegate of Akron was here several days last week in the interest of the local Bell telephone company.

MAN INJURED BY AN EXPLOSION OF GAS

Acetylene Tank Lets Go Inflicting Severe Burns and Breaking Bones at Zanesville.

Zanesville, May 14.—While adjusting a flame fed by acetylene gas as generated from two portable tanks, E. L. Baughman, traveling with the Modern Remedy company, was injured at Axline early Sunday morning by an explosion of the gas. Bones in both hands were broken, his right arm fractured below the elbow and the bone protruding through the skin. Severe burns were also received on both arms and hands.

The traveling medicine company had just landed in Axline and Baughman was busy setting up the paraphernalia of the concern. While thus engaged the flames of a gasoline stove nearby set fire to the gas.

GAS EXPLOSION

Badly Injured Mr. Charles Rhoads, One of Granville's Best Known Citizens.

Granville, O., May 14.—Rev. Philip L. Jones D. D. of Philadelphia, who is book editor for the American Baptist Publication Society, the great publishing house of the denomination is spending a few days at Granville, where his daughter is a teacher in Shepardson college. Dr. Jones is the guest of President Hunt and will address the Students' Ministerial Association Tuesday evening at 6:15.

Mr. Charles Rhoads one of Granville's most esteemed citizens is suffering from a distressing accident. The gas fire in his furnace which had been turned very low, went out, and in relighting it Mr. Rhoads neglected to open the draft and let the accumulated gas escape first. He was severely burned about the face, but with prompt medical aid bids fair to escape serious injury.

Miss Ella D. MacLaurin of Boston, secretary of the Young People's Department of the American Baptist Missionary Union, and a speaker of great power, is the guest of Mrs. T. G. Field in Granville, while taking a few days' rest from her arduous work. She was prevailed upon to address Mrs. C. J. Rose's class of Shepardson students on Sunday, to their great delight.

Rev. Joseph C. Bennett of Newark will preach in Dayton during the

National Baptist anniversaries, and Rev. A. S. Carman of Denison University will deliver the annual address before the American Baptist Historical Society, May 19, on "Some Baptist Beginnings in the West" during the same anniversaries.

TUXEDO CLUB CIGAR

"I suffered habitually from constipation. Doan's Regulax relieved and strengthened the bowels, so that they have been regular ever since."—A. E. Davis, grocer, Sulphur Springs, Tex.

RURAL MAIL BY AUTO DELIVERY

CARRIER W. H. RICHARDS MADE A RECORD BREAKING TRIP OVER ROUTE NO. 8.

Over 24 Miles of Road Covered and 125 Stops Made at Boxes in 2 Hours, 20 Minutes.

The record was broken in the delivery of rural mail last Friday by Carrier Wm. H. Richards on Route No. 8 out of Newark.

All the patrons of this route were furnished with their daily newspapers and letters as early as if they were residents of the city, notwithstanding the fact that many of them live a dozen miles from town.

R. F. D. No. 8 boasts of being the first to have automobile delivery. Carrier Richards secured a Reo runabout from Wyeth & Ramey, and the machine, guided by St. Ramsey, made a flying trip over the route of 24 1/2 miles. Delivery and collection were made, the machine stopping at 125 boxes on the route. The start was made at the Newark postoffice at 8:05 a. m., and when the auto pulled up in front of the postoffice on the return trip the clock read 10:25 a. m. The 24 1/2 mile trip and 125 stops having been made in 2 hours and 20 minutes. The carrier and driver are confident that this time can be reduced at least a half hour, but it is a record breaker as it stands.

About 24 miles below the city of Bordeaux a bed of rock that is still a menace to navigation is being blasted out, and will be entirely removed the present year. For these channel improvements \$6,000,000 was appropriated by the French Government.

New York City's gross debt is \$418,766,327, and the net debt \$447,822,989. The year's increase was \$48,000,000.

JOHN M. SWARTZ, Attorney-at-Law.

Practices in all courts. Will attend promptly to all business entrusted to him. DR. LIVINGSTON NOT THE FATHER OF ROCKEFELLER

Oil King's Butler Adds His Own Denial That Illinois Doctor Was a Rockefeller.

New York, May 14.—John D. Rockefeller, in his home, No. 4 West Fifty-fourth street, authorized the unequivocal statement last night that Dr. William Livingston, who died at the age of 96 years, Friday night, in Freeport, Ill., was not his father, William Rockefeller, passed away before the birth of John D. Rockefeller, Jr., and he never knew the mysterious Illinois physician, and had never heard of him until the newspapers throughout the country had tried to establish the paternity.

When a reporter called, the butler made the above statement and volunteered the additional:

"I know personally that this doctor was not the father of Mr. Rockefeller—not that I knew his father, but I have been in Mr. Rockefeller's employ for many years and can state positively that the information is wrong. It is an injustice to Mr. Rockefeller for the newspapers to print such infamous lies."

The reporter suggested that the proper thing for Mr. Rockefeller to do under the circumstances was to come right out with a plain statement, telling when and where his father died and the name under which he was buried.

The response brought back was the following:

"Mr. Rockefeller wishes me to state to you that he does not care to go into any details upon the subject, and that he hopes that his statement that Dr. Livingston was not his father will suffice."

Frank Rockefeller, brother of John D., in Cleveland, flatly denied the report, and added that the story of the relationship was as old as it was untrue. Residents of the little Illinois town, however, insist that the doctor was Mr. Rockefeller's father and Mrs. Livingston absolutely refuses to be questioned.

While it was known that John D. Rockefeller, Jr., was in his home, No. 12 West Fifty-fourth street, yesterday, he refused to be seen. His butler would not even carry a note, saying that he had implicit instructions not to do so.

It was regarded as somewhat significant by the members of Mr. Rockefeller's Bible class yesterday that Mr. Rockefeller did not put in his appearance.

Mrs. Sarah Anderson Dies.

Zanesville, May 14.—Mrs. Sarah Anderson, aged 71 years, died Saturday evening from a complication of diseases. Funeral took place Monday afternoon.

Martin J. Kennedy Burt.

Mr. John Kenney, a well known resident of this city received a telegram from Pittsburgh on Sunday notifying him that his son, Martin J. Kennedy, an employee of the B. and O. R. R., headquarters in Pittsburgh, had been taken to Mercy Hospital. The nature of his injuries are not known, as no particulars have been received.

Before you slip see Tucker 1241

ELLIS IS AFTER THE CORPORATIONS

ATTORNEY GENERAL IN CINCINNATI CONSULTING WITH STATE'S ATTORNEYS.

Workmen Want Col. Kilbourne to Become Candidate for Congress, Ohio News Briefs.

Cincinnati, O., May 14.—Attorney General Wade H. Ellis arrived in Cincinnati from Columbus. His mission this time is to consult with attorneys who represent the state under the Willis law, which taxes corporations. Many of the corporations which are listed by the state are defunct and others are delinquent. Lawyers who claim to know something of the attorney general's intentions say that there is no doubt that he will at once inaugurate a campaign under the anti-trust law that will spare nothing in the way of a combination, whether it be Standard Oil, steel trust, ice trust or any form of combine.

Marsh Lindsay Captured.

Upper Sandusky, O., May 14.—Marsh Lindsay, one of the Johnson slayers, who was released from the penitentiary on \$2,000 bail in the summer of 1903, pending the hearing of a motion for a new trial by the supreme court, and who fled on Nov. 27, 1903, was recaptured in Findlay and is now in the county jail in this city. Lindsay is suffering from consumption and it is thought will survive but a short time. Judge Duncan of Findlay has directed Clerk Hare to issue a warrant to Sheriff Keltner to convey Lindsay to the Ohio penitentiary.

Bigamy Charged.

Cleveland, O., May 14.—George F. Field, Jr., was arrested on complaint of Miss May Madigan, who alleges that he married her while still the husband of two other women. About 10 years ago Field married his first wife in Cleveland. In 1903 he left and married another. He was arrested and convicted of bigamy, serving a year in the penitentiary. After his release he married another and wife No. 2 was granted a divorce. Wife No. 1 and No. 3 are making a common fight and the grand jury will take up the case.

Adkins Defeated.

Lima, O., May 14.—In a bitterly contested open primary William F. Touvelle of Mercer county's candidate, Charles H. Adkins. Returns received at headquarters here from Shelby county give Touvelle 182, Adkins 240; Mercer county reports Touvelle will have between 1,500 and 2,000 plurality. Darke county is conceded to Touvelle, as is also Auglaize by at least 700. Adkins does not expect to have more than 2,000 majority in Allen county.

Will Fight It Out.

Wilmington, O., May 14.—Ex-Congressman C. Q. Hildebrand, who was nominated by the Republican convention at Wilmington, filed his certificate with the chief district supervisor at Xenia. The delay in the matter was occasioned by the nomination of H. L. Smith at the Xenia convention, known as the Scroggy convention. No solution of the difficulty has been reached, and it is likely that Hildebrand and Smith will fight it out.

Workmen Want Kilbourne.

Columbus, O., May 14.—Colonel James Kilbourne will be asked to become a candidate for the Democratic nomination for congress from this, the Twelfth district. The request will come from wage-earners. The movement took the petition form. Petitions were circulated in factories and railroad shops. The signers of the petitions were not all Democrats, as it was a workingman's movement rather than a partisan one.

Broke Her Bones With a Club.

Dayton, May 14.—"Knock the life out of her," is the advice Will Allen gave Grant Winslow when the latter began work with a club on Allen's sister, Susie. Winslow succeeded in breaking the bones of the right wrist and collar bone of the girl before the latter escaped.

Falls Into Bay and Drowns.

Sandusky, May 14.—Fred Lemke, aged 39, the former foreman of the Pennsylvania dock, stumbled, while standing on a dock which he lately leased, and fell into the bay and was drowned. He leaves a wife and child.

Child is Drowned in Crock.

Canton, May 14.—The 19-month-old child of William Hart fell into a crock containing a gallon of water and was drowned.

Sidney Fire Chief Killed.

Sidney, May 14.—Henry Yost, chief of the fire department, died from injuries received in a fall of 20 feet while fighting a fire Saturday, and Fireman George Ricketts, who fell with him, is seriously hurt. The accident was due to the breaking of a rope ladder, which they were adjusting to a cornice during a fire in a two-story building.

Tied to Runaway Rig.

Worcester, May 14.—Clifford Sigler, a young farmer of Marysville, is expected to die as a result of treatment at the hands of robbers last night. While driving Sigler was confronted by two highwaymen, who with revolvers pointed at his head, relieved him of \$290. They then bound and gagged him, placed him in the bottom

of the buggy and started the horses with the whip. He was found unconscious this morning many miles from home. Later he recovered consciousness.

G. W. Griffe Dead.

Zanesville, May 14.—Ex-Justice of the Peace George W. Griffe died at 2 o'clock this morning at the family home at 169 South Seventh street. Death was due to heart disease and came unexpectedly, although he had been a patient sufferer for some time past.

Destroyed by Fire.

Hamilton, O., May 14.—Fire in East Hamilton started in Christ Weik's bakery, being due to the boiling over of a kettle of lard. The building and contents were destroyed, with a loss of \$10,000; insurance \$4,000. The fire then spread to and destroyed the houses of John Maloney, Oscar Geiger, Fred Dandistle, the Weik brothers and Wesley Gabage. The losses ranged from \$1,500 to \$2,500.

Work of Lightning.

Bowling Green, May 14.—The oldest gristmill in northwestern Ohio, the one at Maumee, was struck by lightning and totally destroyed, as was a 40,000-barrel oil tank belonging to the Buckeye Pipe Line company at Cuyahoga. Thirty thousand barrels of oil were consumed by the flames. Four residences were struck in this city, and several cattle killed while grazing in the field.

Shot His Brother.

Cleveland, O., May 14.—Horatio Brockway died here from gunshot wounds inflicted Saturday afternoon by his brother George. The men had a quarrel and a fight preceding the shooting. George attempted to shoot himself after wounding his brother. He was arrested on the charge of murder. He claims that he did not know the gun was loaded.

Laning a Candidate.

Norwalk, O., May 14.—Congressman A. R. Webber of Elyria, O., having failed to secure the endorsement of his own county, Lorain, for a renomination, Jay F. Laning, ex-state senator of this district, announced his candidacy from Huron county. Laning and Webber are close friends, and two years ago Laning refused to be a candidate against Webber.

Woman Attempted Suicide.

Columbus, O., May 14.—Despondent because her husband found her in a resort, Ollie Lyons, 19, of Logan, made an unsuccessful attempt to commit suicide by swallowing poison. She was removed to St. Francis hospital, where in a short time she was out of danger. She was later taken to police headquarters.

Four Charged With Murder.

Wooster, O., May 14.—Allen Miller, Harry White and William Everhart of Alliance, who are charged with murder for the shooting of Thomas Dye, 17, of Orrville, were placed in jail here. It is stated that Miller will admit that he fired the fatal shot, but that he had no intention of harming Dye.

Infant Burned to Death.

Toledo, O., May 14.—While Mrs. William Penoler was preparing food for her two-week-old babe, the little one, in an adjoining room, was burned to death. The three-year-old son of Mrs. Penoler, who had been sent into the room to watch the babe, was playing with matches and set fire to its bed.

Can't Hold Two Jobs.

Hamilton, O., May 14.—In a decision of wide effect among Ohio cities the circuit court of the First Judicial district held that under the municipal code no city official in Ohio can hold two public employments. The court was unanimous in its findings.

**FIRE BRINGS
\$10,000 LOSS**

Plant of Fultonham Brick Company Burned Sunday—No Insurance Was Carried.

Zanesville, May 14.—Fire destroyed the greater portion of the lower half of the plant of the Fultonham Brick company at Axline, about four o'clock Sunday afternoon. No insurance is carried.

It is thought the fire started in the dryer, where the bricks are seasoned. Fire is maintained here at all times. The only other fire in the plant was in the boiler rooms.

A high wind fanned the flames directly toward the unaffected portions. This made it impossible for the fire fighters to work, even with the short line of hose provided in different sections of the plant.

The Fultonham Brick company is capitalized at \$100,000. Its stockholders are principally residents of Fultonham and Axline. There being no fire protection in the vicinity the plant is considered too great a risk by insurance companies, and hence no damages can be recovered. It is thought the machine shop, which was adjoining the dryer, may be only partially damaged. Operations at the plant will be greatly retarded on account of the fire.

OBSERVANCE OF THE SABBATH

WAS THE SUBJECT OF MEETING HELD AT TAYLOR HALL ON SUNDAY.

In Which Prominent Church People Took an Active Interest—Several Made Addresses.

An important movement has assumed shape in the city and manifested its existence at a meeting held in Taylor Hall at 3 o'clock Sunday afternoon in which some of the most prominent persons in church and educational circles here took part. The meeting was the first general effort directed along the lines of Sunday observance and was presided over by Hon. Judge C. W. Seward.

Several addresses were delivered, the first by Judge Seward, who made a few remarks stating the purpose of the meeting, to create sentiment more in favor of Sunday observance, and the need of such in Newark. Rev. L. S. Boyce delivered an address touching upon the many phases of the question, citing a number of practical, as well as moral reasons for the observance of the Sabbath. His talk was directed along the lines leading to the general enforcement of the laws on the statute books which are against Sunday desecration.

The principal subject of the meeting was a report of Rollin F. Williams who was sent by the Christian Endeavor Society of the First Presbyterian church to attend the recent convention of the Sunday observance organizations, which was held in Columbus on May 1st and 2nd, and in which prominent ministers all over the state took part, and in which Hon. Louis B. Houck also took part, representing Governor John M. Pattison, who was ill at the time.

Prof. Edward P. Childs also took an active part in Sunday's meeting.

Music was furnished by the Fifth Street Baptist church choir, which is composed of 30 voices, under the direction of Prof. W. W. Flora. Mr. Flora assisted in the program with a solo.

This movement, which is rapidly spreading over the state, originated with the Cleveland Sunday School Union of which Alexander Jackson is secretary. The cities all over the state are taking up the matter and endeavoring to create a sentiment in favor of closer observance of Sunday laws as to games, open saloons and Sunday labor.

Although the work of organization has not yet been taken up by those Newark citizens who are directly interested in the work, the election of officers and general work along that direction will probably take place at a special called meeting in the near future.

LOCATING NEW WATER WORKS SITE

Surveys Being Made On Horn Hill Property Today for Reservoir and Pumping Station.

The Board of Public Service and the new water works engineer are taking levels today on the ground owned by the city, known as the Horn Hill property, with a view of establishing a site on the top of the hill for a new water works reservoir. Also to select a site for a new pumping station and the other necessary buildings for the proposed new water works system. It seems to be the purpose of the B. P. S. that if new water works are built to follow the plans and location originally contemplated when the people of the city voted in favor of the proposition. A reservoir system was contemplated at the time the vote was taken and it was announced and understood that the city had purchased the Horn Hill property for that special purpose.

Drop by drop the offensive discharge caused by Nasal Catarrh falls from the back of the nose into the throat, setting up an inflammation that is likely to mean Chronic Bronchitis. The certain, rational cure for Catarrh is Ely's Cream Balm and the relief that follows even the first application cannot be told in words. Don't suffer a day longer from the discomfort of Nasal Catarrh. Cream Balm is sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren street, New York. mwt-tf

Bridge work per tooth 4c up
Fillings of all kinds 50c up

When we opened Dental Parlors in Newark we had already passed the experimental stage of Dentistry. Long practice has enabled us to improve and refine our methods until we now give service as near perfect as possible.

SHAI & HILL

Dentists—Next Door to Postoffice.
Open Evenings. Lady Attendant.

Without Much Effort

You can get into a habit, good or bad. A good many people have got into the habit of letting us take care of their money and pay them 4% interest on it. Try it and see how it goes.
